If the attorney general has reasonable cause to believe that a person may be in possession, custody, or control of documentary material, or may have knowledge of a fact that is relevant to an investigation conducted to determine if a person is or has been engaged in a violation of IC 4-6-9, IC 4-6-10, IC 13-14-10, IC 13-14-12, IC 13-24-2, IC 13-30-4, IC 13-30-5, ~~IC 13-30-6~~, IC 13-30-8, IC 23-7-8, IC 24-1-2, IC 24-5-0.5, IC 24-5-7, IC 24-5-8, IC 24-9, IC 25-1-7, IC 32-34-1, or any other statute enforced by the attorney general **or is or has been engaged in a criminal violation of IC 13**, only the attorney general may issue in writing, and cause to be served upon the person or the person's representative or agent, an investigative demand that requires that the person served do any combination of the following:

of this section:

(1) "Hazardous waste" has the meaning set forth in IC 13-11-2-99(a) and includes a waste determined to be a hazardous waste under IC 13-22-2-3(b).

(2) "Resource recovery system" means tangible property directly used to dispose of solid waste or hazardous waste by converting it into energy or other useful products.

(3) "Solid waste" has the meaning set forth in IC 13-11-2-205(a) but does not include dead animals or any animal solid or semisolid wastes.

(b) Except as provided in this section, the owner of a resource recovery system is entitled to an annual deduction in an amount equal to ninety-five percent (95%) of the assessed value of the system if:

(1) the system was certified by the department of environmental management for the 1993 assessment year or a prior assessment year; and

(2) the owner filed a timely application for the deduction for the 1993 assessment year.

For purposes of this section, a system includes tangible property that replaced tangible property in the system after the certification by the department of environmental management.

(c) The owner of a resource recovery system that is directly used to dispose of hazardous waste is not entitled to the deduction provided by this section for a particular assessment year if during that assessment year the owner:

(1) is convicted of any violation under IC 13-7-13-3 (repealed), IC 13-7-13-4 (repealed), or ~~IC 13-30-6~~ **a criminal statute under IC 13;** or

(2) is subject to an order or a consent decree with respect to property located in Indiana based upon a violation of a federal or state rule, regulation, or statute governing the treatment, storage, or disposal of hazardous wastes that had a major or moderate potential for harm.

(d) The certification of a resource recovery system by the department of environmental management for the 1993 assessment year or a prior assessment year is valid through the 1997 assessment year so long as the property is used as a resource recovery system. If the property is no longer used for the purpose for which the property was used when the property was certified, the owner of the property shall notify the county auditor. However, the deduction from the assessed value of the system is:

(1) ninety-five percent (95%) for the 1994 assessment year;

C
o

- (2) ninety percent (90%) for the 1995 assessment year;
- (3) seventy-five percent (75%) for the 1996 assessment year; and
- (4) sixty percent (60%) for the 1997 assessment year.

Notwithstanding this section as it existed before 1995, for the 1994 assessment year, the portion of any tangible property comprising a resource recovery system that was assessed and first deducted for the 1994 assessment year may not be deducted for property taxes first due and payable in 1995 or later.

(e) In order to qualify for a deduction under this section, the person who desires to claim the deduction must file an application with the county auditor after February 28 and before May 16 of the current assessment year. An application must be filed in each year for which the person desires to obtain the deduction. The application may be filed in person or by mail. If mailed, the mailing must be postmarked on or before the last day for filing. If the application is not filed before the applicable deadline under this subsection, the deduction is waived. The application must be filed on a form prescribed by the department of local government finance. The application for a resource recovery system deduction must include:

- (1) a certification by the department of environmental management for the 1993 assessment year or a prior assessment year as described in subsection (d); or
- (2) the certification by the department of environmental management for the 1993 assessment year as described in subsection (g).

Beginning with the 1995 assessment year a person must also file an itemized list of all property on which a deduction is claimed. The list must include the date of purchase of the property and the cost to acquire the property.

(f) Before July 1, 1995, the department of environmental management shall transfer all the applications, records, or other material the department has with respect to resource recovery system deductions under this section for the 1993 and 1994 assessment years. The township assessor shall verify each deduction application filed under this section and the county auditor shall determine the deduction. The county auditor shall send to the department of local government finance a copy of each deduction application. The county auditor shall notify the county property tax assessment board of appeals of all deductions allowed under this section. A denial of a deduction claimed under this subsection may be appealed as provided in IC 6-1.1-15. The appeal is limited to a review of a determination made by the township assessor or the county auditor.

(g) Notwithstanding subsection (d), the certification for the 1993 assessment year of a resource recovery system in regard to which a political subdivision is liable for the payment of the property taxes remains valid at the ninety-five percent (95%) deduction level allowed before 1994 as long as the political subdivision remains liable for the payment of the property taxes on the system.

SECTION 3. IC 6-1.1-12.1-4.5, AS AMENDED BY P.L.154-2006, SECTION 27, IS AMENDED TO READ AS FOLLOWS [EFFECTIVE JULY 1, 2007]: Sec. 4.5. (a) For purposes of this section, "personal property" means personal property other than inventory (as defined in IC 6-1.1-3-11(a)).

(b) An applicant must provide a statement of benefits to the designating body. The applicant must provide the completed statement of benefits form to the designating body before the hearing specified in section 2.5(c) of this chapter or before the installation of the new manufacturing equipment, new research and development equipment, new logistical distribution equipment, or new information technology equipment for which the person desires to claim a deduction under this chapter. The department of local government finance shall prescribe a form for the statement of benefits. The statement of benefits must include the following information:

(1) A description of the new manufacturing equipment, new research and development equipment, new logistical distribution equipment, or new information technology equipment that the person proposes to acquire.

(2) With respect to:

(A) new manufacturing equipment not used to dispose of solid waste or hazardous waste by converting the solid waste or hazardous waste into energy or other useful products; and

(B) new research and development equipment, new logistical distribution equipment, or new information technology equipment;

an estimate of the number of individuals who will be employed or whose employment will be retained by the person as a result of the installation of the new manufacturing equipment, new research and development equipment, new logistical distribution equipment, or new information technology equipment and an estimate of the annual salaries of these individuals.

(3) An estimate of the cost of the new manufacturing equipment, new research and development equipment, new logistical distribution equipment, or new information technology equipment.

**C

(4) With respect to new manufacturing equipment used to dispose of solid waste or hazardous waste by converting the solid waste or hazardous waste into energy or other useful products, an estimate of the amount of solid waste or hazardous waste that will be converted into energy or other useful products by the new manufacturing equipment.

The statement of benefits may be incorporated in a designation application. Notwithstanding any other law, a statement of benefits is a public record that may be inspected and copied under IC 5-14-3-3.

(c) The designating body must review the statement of benefits required under subsection (b). The designating body shall determine whether an area should be designated an economic revitalization area or whether the deduction shall be allowed, based on (and after it has made) the following findings:

(1) Whether the estimate of the cost of the new manufacturing equipment, new research and development equipment, new logistical distribution equipment, or new information technology equipment is reasonable for equipment of that type.

(2) With respect to:

(A) new manufacturing equipment not used to dispose of solid waste or hazardous waste by converting the solid waste or hazardous waste into energy or other useful products; and

(B) new research and development equipment, new logistical distribution equipment, or new information technology equipment;

whether the estimate of the number of individuals who will be employed or whose employment will be retained can be reasonably expected to result from the installation of the new manufacturing equipment, new research and development equipment, new logistical distribution equipment, or new information technology equipment.

(3) Whether the estimate of the annual salaries of those individuals who will be employed or whose employment will be retained can be reasonably expected to result from the proposed installation of new manufacturing equipment, new research and development equipment, new logistical distribution equipment, or new information technology equipment.

(4) With respect to new manufacturing equipment used to dispose of solid waste or hazardous waste by converting the solid waste or hazardous waste into energy or other useful products, whether the estimate of the amount of solid waste or hazardous waste that will be converted into energy or other useful products can be

reasonably expected to result from the installation of the new manufacturing equipment.

(5) Whether any other benefits about which information was requested are benefits that can be reasonably expected to result from the proposed installation of new manufacturing equipment, new research and development equipment, new logistical distribution equipment, or new information technology equipment.

(6) Whether the totality of benefits is sufficient to justify the deduction.

The designating body may not designate an area an economic revitalization area or approve the deduction unless it makes the findings required by this subsection in the affirmative.

(d) Except as provided in subsection (h), and subject to subsection (i), an owner of new manufacturing equipment, new research and development equipment, new logistical distribution equipment, or new information technology equipment whose statement of benefits is approved after June 30, 2000, is entitled to a deduction from the assessed value of that equipment for the number of years determined by the designating body under subsection (g). Except as provided in subsection (f) and in section 2(i)(3) of this chapter, and subject to subsection (i), the amount of the deduction that an owner is entitled to for a particular year equals the product of:

- (1) the assessed value of the new manufacturing equipment, new research and development equipment, new logistical distribution equipment, or new information technology equipment in the year of deduction under the appropriate table set forth in subsection (e); multiplied by
- (2) the percentage prescribed in the appropriate table set forth in subsection (e).

(e) The percentage to be used in calculating the deduction under subsection (d) is as follows:

(f) With respect to new manufacturing equipment and new research and development equipment installed before March 2, 2001, the deduction under this section is the amount that causes the net assessed value of the property after the application of the deduction under this section to equal the net assessed value after the application of the deduction under this section that results from computing:

- (1) the deduction under this section as in effect on March 1, 2001; and
- (2) the assessed value of the property under 50 IAC 4.2, as in

effect on March 1, 2001, or, in the case of property subject to IC 6-1.1-8, 50 IAC 5.1, as in effect on March 1, 2001.

(g) For an economic revitalization area designated before July 1, 2000, the designating body shall determine whether a property owner whose statement of benefits is approved after April 30, 1991, is entitled to a deduction for five (5) or ten (10) years. For an economic revitalization area designated after June 30, 2000, the designating body shall determine the number of years the deduction is allowed. However, the deduction may not be allowed for more than ten (10) years. This determination shall be made:

- (1) as part of the resolution adopted under section 2.5 of this chapter; or
- (2) by resolution adopted within sixty (60) days after receiving a copy of a property owner's certified deduction application from the county auditor. A certified copy of the resolution shall be sent to the county auditor.

A determination about the number of years the deduction is allowed that is made under subdivision (1) is final and may not be changed by following the procedure under subdivision (2).

(h) The owner of new manufacturing equipment that is directly used to dispose of hazardous waste is not entitled to the deduction provided by this section for a particular assessment year if during that assessment year the owner:

- (1) is convicted of a **criminal** violation under **IC 13, including** IC 13-7-13-3 (repealed) **or** IC 13-7-13-4 (repealed); ~~or IC 13-30-6;~~ or
- (2) is subject to an order or a consent decree with respect to property located in Indiana based on a violation of a federal or state rule, regulation, or statute governing the treatment, storage, or disposal of hazardous wastes that had a major or moderate potential for harm.

(i) For purposes of subsection (d), the assessed value of new manufacturing equipment, new research and development equipment, new logistical distribution equipment, or new information technology equipment that is part of an owner's assessable depreciable personal property in a single taxing district subject to the valuation limitation in 50 IAC 4.2-4-9 or 50 IAC 5.1-6-9 is the product of:

- (1) the assessed value of the equipment determined without regard to the valuation limitation in 50 IAC 4.2-4-9 or 50 IAC 5.1-6-9; multiplied by
- (2) the quotient of:
 - (A) the amount of the valuation limitation determined under

50 IAC 4.2-4-9 or 50 IAC 5.1-6-9 for all of the owner's depreciable personal property in the taxing district; divided by (B) the total true tax value of all of the owner's depreciable personal property in the taxing district that is subject to the valuation limitation in 50 IAC 4.2-4-9 or 50 IAC 5.1-6-9 determined:

- (i) under the depreciation schedules in the rules of the department of local government finance before any adjustment for abnormal obsolescence; and
- (ii) without regard to the valuation limitation in 50 IAC 4.2-4-9 or 50 IAC 5.1-6-9.

- (1) for federal income tax purposes a taxpayer is allowed a depreciation deduction for a particular taxable year with respect to a resource recovery system; and
- (2) the resource recovery system processes solid waste or hazardous waste;

the taxpayer is entitled to a deduction from the taxpayer's gross receipts for that same taxable year. The amount of the deduction equals the total depreciation deductions that the taxpayer is allowed, with respect to the system, for that taxable year under Sections 167 and 179 of the Internal Revenue Code.

(b) A taxpayer is not entitled to the deduction provided by this section for a particular taxable year with respect to a resource recovery system that is directly used to dispose of hazardous waste if during that taxable year the taxpayer:
